RE: Open Records Request

Dear Sir/Madam:

This is a Request for public records under the Open Records Act. See O.C.G.A. § 50-18-70, *et seq.* To that end, the public records requested are specified in Exhibit "A," attached. If your response is to a public record as a whole, then you must state the page or pages of that public record, which respond to the particular individual Request. Additionally, certified copies of all responsive public records must be provided to this firm within three (3) business days.

We will pay all fees authorized by O.C.G.A. § 50-18-71(c), provided, however, that an itemized invoice must accompany the production of such public records. O.C.G.A. § 50-18-71(c)(2) provides that your agency may charge no more than the actual cost of duplication not to exceed \$0.10 per page. Moreover, any hourly administrative charge imposed for the search, retrieval, and preparation of responsive public records must not exceed the salary of the lowest-paid, full-time employee able to perform the search. You must include in said invoice the number of pages duplicated as well as the name, title, and time spent working for each employee who worked on complying with this Request. Should the estimated amount to produce these public records exceed \$500.00, please provide me with a written estimate itemizing such charges ahead of time. Otherwise, proceed with the production of responsive public records and transmit to the address in the header of this letter.

If you are relying on a claimed exemption to withhold the production of any public records, then, pursuant to O.C.G.A. § 50-18-71(d), you are required to specify in writing

{Doc: 01991940.DOCX}

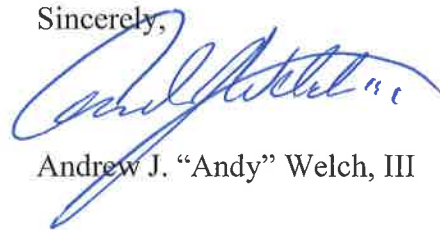

the specific legal authority exempting such public record or records from disclosure by Code Section, Subsection, and Paragraph, within three (3) business days. In the event that such putative exemption applies only to a portion of the responsive public record, then O.C.G.A. § 50-18-72(b) requires that the remainder of that public record be produced within the time period specified.

Finally, pursuant to O.C.G.A. § 50-18-71(b)(1)(A), you, as custodian of the requested public records, have the duty and responsibility to perform a diligent search for the requested public records within the timeframe provided by Statute. This means that you must inquire of anyone within any departments maintained by the Agency who may be in possession of such public records as to the nature, existence, and location, of all public records requested by this Letter.

Should you have any questions related to the fulfillment of this Open Records Act Request, please contact me at the information provided in the header of this letter.

Thank you for your anticipated cooperation.

Sincerely,

Andrew J. "Andy" Welch, III
